Financial Oversight and Management Board For P.R. et. Al. Debtors In re Motion of March 6, 2020	Promesa Title III No. 17 BK3238 LTS	Re: Commonwealth, HTA, and ERS

Dear Sirs:

I received a document on April 4 of this year, in which the Financial Oversight Board made its statement in support of not paying or not accepting the claims of practically all the persons registered in this case, against the Government of Puerto Rico and registered with Prime Clerk and in the District Court of the United States of America.

I would like to make a statement in relation to this as I do not agree because it is very easy to damage, harm, make mistakes or cause horrors against the common citizen and then say "oops," sorry, or it's nothing.

Certainly, a person files a claim because he suffered damages not just because he feels like it, and does so with a legal basis and often with even Damages and Harm that are not apparent at first sight, this does not bother anyone in the legal aspect because I have seen that the laws work like a parrot because of what someone else wrote or said a century ago.

It is very easy to say your request is not admissible because the Board's job is to excuse the atrocities that are committed in the government against the citizens and against which many do not know how to defend themselves.

For my part I ask the Honorable Court of Justice not to grant your request and DENY IT since the government, which handles a lot of money from all sides, must be held accountable for its actions.

In addition, granting the motion would be to the detriment of the justice represented by the Honorable Court and ----- in favor of the abuses of power that use legal mechanisms to get their way every time.

According to the document, the deadline for this reply is April 7, 2020. I contacted Prime Clerk and was informed that everything was being held up because of the Coronavirus.

Enclosed is a copy of the documents sent previously and a copy of the e-mails that reflect that the evidence was sent, I hope that this will help you continue working on it, so that a fair decision is made for everyone.

I hope you will be considerate in your decisions so that all parties benefit from something positive and the government can compensate for the damages. "Happy Medium"

And for the record **I DO NOT WAIVE** any rights to be compensated for such negligence and malpractice by government representatives.

For the record, I sign this document today, April 7, 2020, in Loiza PR,

Dear Sirs:

Today, March 5, 2018, I received a document which I am very happy about and showed me that GOD is present in everything when the time is right.

Let me explain:

Case: Commonwealth of Puerto Rico
Federal Tax ID # 3481 Case 17 BK 3283 of
May 3, 2017.

I have to begin by saying that in 1992 I made the decision to divorce after 17 years of modern-day slavery in my marriage, for various reasons including drinking, drugs, homosexuality, racial prejudice, etc.

You have to go to the courts of this country and what happened is that I came out as the villain, because I did not go along with all that. The truth is, in short, I had two children with my ex. One stayed with him and the other with me. To make a long story short, after some time as a typical family in Puerto Rico, the children were supposedly better off with him than with me because they had money and I was only a teacher.

RESULTS ONE IS DEAD AND THE OTHER MANAGED TO SAVE HIMSELF AND NOW HE IS QUITE THE PROFESSIONAL.

GUILTY THE SYSTEM WHERE THEY DON'T CARE OR LISTEN TO THE TRUTH; THEY ARE ONLY INTERESTED IN HAVING WORK AND MAKING NOISE.

Maria C Romero Quiñones
P O Box 6415
Bayamon PR 00960
Tel. 787 459 1036
Email: milkaliza@gmail.com

After my divorce and several years I met a person and had a daughter, as a result of the previous situation of my divorce the father of my daughter joined with my ex and at the age of 7 they also left my daughter with the father just because I said I didn't like him because he was lazy, a mommy's boy and because of the precedent created in the Court in my divorce, my not being as happy as the father of my children, and not being rich.

Thank GOD I always remained close to my daughter, I even had to pay child support in both cases, but in the case of my daughter the father was remorseful and today I am friends with him and his current wife. And my daughter is working and studying.

Apart from this in relation to my daughter, the following happened:

Her father is in the military and went to live in Virginia at Fort Eustis. He asked me for permission to take the girl out with her grandmother as well and I authorized it with conditions; I used to travel to visit them there.

In her school my daughter was appointed to a program that the U.S. Government had at that time with President Obama. The program is called People to People, and she was going to be an ambassador representing the United States and Puerto Rico. Since we could not afford the costs because she had to go as 7 countries to represent, I made a request to several members of the Senate in Puerto Rico.

I never received a reply or correspondence, but one day 4 or 5 years later I got a document from the Senate where they had approved some money from different agencies, but they never reported it, someone who is already paying with other cronies who are still at large had taken the money, and as a result my daughter was never able to go to the representation.

Maria C Romero Quñones

Bayamon PR 00960
Tel. 787 459 1036
Email: milkaliza@gmail.com

Months later I helped her father buy a house in Puerto Rico, since he asked for a transfer from Virginia to here so that the girl would be with me, my daughter has an accident in a golf cart, and breaks the bones in her right arm, to all this I filed a lawsuit because it was for a sewer that was on the road, and the only one who was responsible was the municipality and through their insurance we are still in court since 2011 because they only want to pay 5,000. If you consider this, it is unheard of that the future of a person who wanted to belong to the United States Army Air Force would be worth 5,000 dollars. And she still suffers from severe pain in her arm because she has 4 titanium plates with 24 screws in her left arm. She was hospitalized for more than 7 days in the Medical Center in PR and I sat in a chair for 24 hours and that is what we are worth for our government.

It should be noted that if these people had handed over that allocated money my daughter would have gone on the trip and I with her and we would have avoided the accident.

As a result of these negligent acts of government representatives and the wrong decision of a few, all the suffering I have gone through because of my son's early death, nothing can replace him, but when this opportunity comes, I want and must express myself.

PART TWO THE DIVORCE

DIVISION OF PROPERTY

Caguas Court

After 14 years of paying lawyers, fines, etc. the last judge determined that the opposing party won.

Maria C Romero Quiñones
P O Box 6415

Let me explain:

There were about 8 judges, among them a sister of the lawyer of the other party and the last judge who was a colleague of my lawyers.

The judge in that case, the last one, I ran into, supposedly by chance, in the park where I exercise. The only ones who knew I was going there were my lawyers, San Juan's Central Park. She approached me, apparently she knew who I was, possibly she was looking for an offer, but I am very upright in my affairs, and that is one of my problems in this country. She asked me what my name was, she told me that she was a judge, that she had been assigned to a case that had been taking some time. I answered that I had a case there for more than 12 years. She told me that it was the same case and not to it would not be inhibited [TN: *unclear*].

I indicated to her that I did not know who she was, that this was her problem. She was riding in a red Toyota Solara convertible with a cream top. She indicated to me that she had two properties that were in bad shape that she didn't have the means to pay for and that she would rent one out for less than what she was paying on her mortgage. I remained silent.

A week later I had a hearing and she was the judge. After several hearings I understood that she had sold out because she did not look at my face, apart from the fact that with only two questions she determined that the other party won, in addition to the fact that they hid the case from me for two weeks, my lawyers did not inform me of the results. I had to investigate and I made a written appeal which was rejected because the judges were friends of the opposing party's lawyer.

Years later, in 2013 specifically, I looked up my lawyer's name on the internet and guess what, she was appointed judge in Ponce PR. My other lawyer had his license taken away, the judge was forced to recuse himself and the opposing lawyers resigned, according to them a perfect crime.

PUERTO RICO HIGHWAYS AND TRANSPORTATION AUTHORITY (HTA)

Federal Tax ID # 3808 Case 17 BK 3567 of May 21, 2017.

This case is simple, I work day and night on the road and I have not killed myself because I possibly had to write this document. The roads in this country are not properly maintained, so I work to maintain the old cars I use because the holes everywhere are so big.

The bills when I take a car to Pep Boys that I normally get service are from 500 to almost 4,000 every time because of the holes.

"PREPA" Puerto Rico Electric Power Authority

Federal Tax ID # 3747 Case 17 BK 4780 of July 2, 2017.

Who hasn't had an encounter with this agency, mine was spectacular.

Let me tell you:

I live alone, I work night and day to support myself, leaving my house early and returning at 10 or 12 at night every day except Sundays, which are for GOD and for me. Since 2005 I asked this agency to change my meter because an electrician had already informed me that it was overloaded, and [...]

Maria C Romero Quiñones
P O Box 6415 Bayamon PR 00960
Tel. 787 459 1036
Email: milkaliza@gmail.com

PREPA continued

[...]they always ignored my requests. One day the bills started coming in for \$500 and \$600 and more, and I stopped paying them after a few months. They disconnected the service because the bill came in at \$6,000 and more. I called and they told me they wouldn't make a payment plan that I had to pay them in full. Since I ended up cooped up in my house and couldn't get out, I called the ombudsman. The consumer protection agency did its job very well, I have to say, and it was the only one that agreed to make a payment plan, they called me and indicated that I had to make 3,500 of deposit and a payment plan where for one year I would pay almost 500 a month without consuming that amount, this for someone that lives alone and is never in the house, besides the fact that the clothes dryer is gas, etc. Then I am informed by a neighbor who also went to claim that PREPA charges by the size of the house in this area, can you imagine? Really cute.

Part two is like this.

It's the appliances, because every time they turn off for no reason and the appliances are damaged. I have lost computers, ovens, refrigerator, etc. When I complain, they say that the power didn't go out that day.

Because they are the ones who investigate themselves.

The only good thing I can say is that after I paid off the debt, they changed the meter, closed the account and opened a new one.

You can see the changes in the receipts I enclosed.

PROOFS

1. CASE OF CAGUAS WHERE EVEN AN EXPERT MADE A REPORT AND A NEGOTIATION HAD
ALREADY BEEN AGREED UPON BUT GREED WAS MORE POWERFUL THAN ETHICS.
 - A. SENATE DOCUMENT REGARDING MY DAUGHTER AND THE PEOPLE TO PEOPLE
REPRESENTATION AND THE APPROVED MONEY THAT NEVER ARRIVED.
 - B. COPY OF THE CURRENT LAWSUIT DOCUMENT THAT THE MAYOR OF DORADO
DOES NOT WANT TO PAY
2. INVOICES AND LETTERS FROM THE PREPA SHOWING CLEAR PROOF OF THEIR BAD
FAITH AND BAD PRACTICE TOWARDS CONSUMERS.

Finally, if you want more true stories you can contact me because living on
this island is a challenge. The ones who can't take it move away, and those
who stay die.

Through my work I travel all over the island and know all the sorrows,
especially of the elderly and young people.
